Jane Fleisher
Director of Caring Ministries
Church of the Savior
120 Cleveland Ave SW
Canton, OH 44702

Dear Jane,

The South West Association of Neighbors looks forward to continuing to partner with the Church of the Savior in joint efforts to better the lives of the people in our community. We are grateful that we can point residents to your outreach ministries that are currently providing food for the needy, health care screening and education, and a safe environment for supervised activities for youth. We devote a significant section of our newsletter to informing our neighbors of these opportunities.

The South West Association of Neighbors partnered with Church of the Savior in the Spring of 2007 in the Healthy Day activities and are looking forward to working with you in the Back to School Block party this summer. We look forward to combining our efforts in the future as we continue to reach out to our community

We strongly support your efforts to obtain funding to continue the role of Parish Nurse and to expand that ministry as opportunities continue to open to meet the needs around us.

Sincerely,

Constance Brown
President of SWAN
South West Association of Neighbors
